10 CENTS PER WEEK

THE CHICAGO STRIKE ENDED AT MIDNIGHT

The Strikers Made an Unconditional Surrender.

THE STRIKE HAD LASTED 105 DAYS, COST 30 LIVES, AND MUCH MONEY

The Men Will Apply as Individuals for Old Positions ---Many to be Taken Back.

Chicago, July 21.—The teamsters' strike that had so greatly disturbed business conditions in this city for the last one hundred and five days was at 12:30 last night officially declared off by the teamsters' joint council.

The men have been ordered to seek their old positions and it is estimated that less than one-half of them will be re-employed.

The strikers made a complete surrender and will apply for work as individuals and without an agreement of any kind with their employers.

The action of the teamsters' joint council was taken at the end of a day whose events clearly foreshadowed the collapse of the strike. Three unions had already voted to return to work as far as possible and it was certain that the unions which had not yet voted on the question of ending the strike would take similar action. The council believing that further effort was useless, decided to call the strike off.

The first break in the ranks of the strikers came yesterday afternoon when the lumber teamsters voted to return to work regardless of what action might be taken by any other union.

All the department store drivers and railroad express drivers voted to call off the strike and seek their old positions.

It is expected about sixty department drivers will be reinstated and the express drivers declared they believed about one hundred of their number would be taken back.

The express companies have declared all through the strike, however, that not one of those who struck would ever be reinstated.

Today truck drivers and one or two of the smaller unions will vote on the question of calling off the strike, but there is no doubt that they will decide to seek their old places again.

The only concession the men have gained by going back to work is in the case of the lumber drivers, the right to wear the union button. In the case of all other unions the men by seeking their old places tacitly agreed to the terms of the employers which were that only such men would be taken back as were needed after the nonunion men had been provided for and the question of wearing the button should be left to the decision of the individual employer.

The strike was one of the most bitterly fought and expensive affairs of its kind that Chicago has ever known. It originated last winter over a demand of the garment workers association that Montgomery, Ward & Co. refrain from sending out any work to nonunion men, although there was in the contract between Ward and the unions no clause prohibiting such a contract.

The garment workers employed by Ward went on strike and their places were filled by nonunion men. For months after the strike of the garment workers the teamsters' union called upon Ward to arbitrate the strike. The refusal was followed by a strike of all teamsters in the city, and the strike rapidly spread to such other business houses as attempted to make deliveries to Ward. About thirty lives have been lost during the strike and there have been hundreds of cases of assault, in many cases which the victims were seriously injured.

there would be another entry. He said that the new man would be a compromise candidate, and that he looked to see both Blackburn and Paynter withdraw in the interest of harmony. Wilson is one of the few democratic nominees who is not committed in the senatorial fight. He has been claimed by both sides, but stated tonight that he had no preference between the two candidates.

TOBACCO REPORT.

This Week's Sales Amounted to Over 300 Hogsheads.

The weekly report of Tobacco Inspector Ed. R. Miller shows one of the best markets of the year, and is as follows:

Receipts week, 333 hogsheads; receipts year, 4,901 hogsheads; offerings week, 325 hogsheads; offerings year, 4,267 hogsheads; rejections week, 49 hogsheads; private sampling week, 47 hogsheads; private sales week, 49 hogsheads; sales week, 326 hogsheads; sales year, 4,274 hogsheads.

MRS. HOBSON ILL.

Wife of Hero of Santiago Harbor III in Des Moines.

Des Moines, Ia., July 21.—Mrs. Richmond Pearson Hobson, the wife of Capt. Hobson, the hero of the Merrimac, is ill at the Mercy hospital. Capt. Hobson is at her bedside.

Mrs. Hobson was taken suddenly ill while passing through Iowa. She grew gradually worse until she reached Des Moines, when it became necessary for her to be removed from the train and taken to the hospital.

FLOOD OVER.

But Damage Estimated at a Million Dollars Was Done.

Galena, Kan., July 21.—The flood is subsiding rapidly, having done damage estimated at a million dollars. So far as known, only one life was lost. The damage to the mines at Badger is not extensive.

Negro Hanged For Murder.

Annapolis, Md., July 21.—William Loeser, the colored murderer of Patrolman McNamara, was hanged here today.

HIGHWAYMAN HAD PLENTY OF NERVE

Held up a Man on Top of a Moving Train Near Bardwell.

Made Him Give Up Fifty Dollars and Then Climbed Off and Escaped.

THE ROBBER WAS A NEGRO

Bardwell, Ky., July 21.—Jack Martin, a Tennessee railroad man, had a new experience in the holdup line here at an early hour Wednesday morning.

He was riding on a freight engine bound from Cairo to this city and just before daylight concluded he would go back in the caboose and take a rest. He started back over the top of the cars, and when he had reached about the middle of the train he was confronted by a negro holding a pistol.

The demand "hands up" brought speedy response, and Martin was soon relieved of \$50 in money and his watch. The negro, still covering Martin with his revolver, climbed over the edge of the car, and although the train was going at full speed managed to get away. Officers of Bardwell were notified, but have so far obtained no clue to the robber.

STOLE A MARCH.

Daughter of Secretary M. J. Farnbaker Married at Mound City, Illinois.

While Mr. M. J. Farnbaker, acting secretary of the K. I. T. league, was in Paducah yesterday on his way home, his daughter, Miss Ella May Farnbaker, was preparing for her marriage at Mound City, Ill., to Mr. H. H. Harris, of De Sota, Mo. The Cairo Bulletin says:

"The wedding was a romantic affair, the young couple going to the city where the ceremony was performed on the Big Four train leaving here at 3 o'clock yesterday afternoon, accompanied only by the sister of the bride, Mrs. J. E. Jacks, of St. Louis. Only two or three of the most intimate friends of Miss Farnbaker were acquainted with the purpose of the journey and her parents knew nothing of the fact that the marriage was to take place until their return to this city over the Big Four at 7:35 o'clock last evening. The ceremony was performed in the office of County Clerk McClelland, of Pulaski county, at about 4 o'clock by Justice Reed.

Mrs. Harris is the daughter of Mr. and Mrs. M. J. Farnbaker, of Fourth street, and is a very brilliant girl.

Mr. Harris leaves this morning for St. Louis, where the couple will reside in the future, and Mrs. Harris will follow him to that city Sunday with her sister, Mrs. Jacks."

A Baseless Rumor.

Chicago, Ill., July 21.—Rumors were current today regarding the Illinois Central road which indicated that important changes are pending in relation to that property. It was stated that negotiations are now in progress for an alliance between that road and one of the strong Northwestern lines, whereby the former is to become the outlet from Chicago and the Northwest generally for a large volume of traffic to New Orleans. The report seems to have been put forth merely for stock jobbing purposes, in connection with the expectation of the stock being placed permanently on a 7 per cent. basis. As a matter of fact the Illinois Central is already a Northwestern road and an active competitor for St. Paul traffic.

Preparing a Time Card.

Superintendents and trainmasters of the different southern and eastern divisions of the I. C. are meeting this week to complete a time card which will probably affect the entire system. Supt. Egan and Trainmaster McCabe are in Louisville now and other superintendents and trainmasters are also meeting at division headquarters to arrange the best time card. It is understood that no passenger changes will be made on the Louisville division, except possibly in accommodation runs. A number of changes have just been announced out of Memphis and Cairo, effective Sunday, but they will not affect trains into Paducah.

Monitor Wyoming Broken Down. San Diego, Cal., July 21.—The Gunboat Bennington has been ordered to take on stores with all possible dispatch and proceed to sea to find the Monitor Wyoming which has broken down between San Diego and San Luis.

PETTY THIEVING ON THE INCREASE

Half a Dozen More Cases Reported Last Night.

These Followed Several Other Burglaries and Thefts Earlier in the Week.

VERY LITTLE STOLEN, HOWEVER

There seems to be an epidemic of petty thieving in and around Paducah, and, although the police are doing everything possible to discover the identity of the thieves, they have found no clue. During this week there have been over a dozen robberies and in no instance has there been left the slightest clue to the identity of the culprits.

The store of Warren & Warren, jewelers, on lower Broadway, was entered several nights ago and a quantity of trinkets taken, and the following night the restaurant of Wm. Whitehead, next door, was broken into, and his cash register demolished.

Following this came reports of burglaries of several residences in the vicinity of Elizabeth and McKinley streets on the South Side.

Last night the burglars plied their art in a wholesale manner again, this time making a better haul than heretofore, although very little comparatively, was secured.

Last night the residence of Mr. Wm. Arnold, the express driver of South Sixth street near Broad street, was entered and Mr. Arnold's trousers stolen. The burglars got \$1 and his pocket knife and left the garment in the yard. This was all they secured.

The residence of Mr. Ed. Panky, the well-known carpenter of Sixth and Broad streets, was also visited. The burglars did not enter this house, but took a stick or hook of some kind and pulled his trousers through the window. He had the garment on a chair a few feet from the window, and the thieves got over \$4, which belonged to the carpenter's union, and his pocket knife.

From indications the gang then made its way south into the Tyler neighborhood and entered the residence of Messrs. A. N. and B. F. Sears in Tyler on the Benton road. Nothing was taken in the A. N. Sears apartments, but Mr. B. F. Sears had his trousers stolen and robbed of a little change and his knife. The trousers were left in the yard after being rifled.

The thieves then proceeded south and crossed the Gip Husbands farm, leaving the gates open. At the residence of Mr. Charles Black, the dairyman, the thieves seemed to become hungry and stopped in to clean out the kitchen. They ate everything in sight but left without disturbing anyone.

U. S. GUNBOAT BLOWN UP AND KILLS 60.

San Diego, Cal., July 21.—The Boiler on the gunboat Bennington, in the harbor here, exploded today, the entire ship being blown up.

The first reports are that sixty were killed, and over a hundred injured.

Dozens of the dead and wounded are now being brought ashore. The Bennington had been ordered to proceed to Port Harford, and tow the monitor Wyoming to Mare Island.

For Alleged House-Breaking.

Detective Will Baker this afternoon arrested Robert Hall, colored, on a charge of breaking into the house of Frances Long, near Seventh and Jefferson streets, and stealing \$18.00. He will be given a trial in Judge Sanders' court tomorrow.

JAPAN'S DEMANDS NOT TO BE MODEST

Will Get All That is Coming to Her, it is Said.

The Peace Envoys to Be Received by President Roosevelt First Week in August.

ROOT MAY CONTROL THE CANAL

Washington, D. C., July 21.—As the day draws near when the diplomatic Giants of Russia and Japan must fight out on neutral soil the question of peace or war, the game of international politics becomes keen, and the question now uppermost is the extent of Japan's demands. That they will not be small is now conceded. "Our demands are not exorbitant," said a member of the Japanese legation today. "It will be a bitter pill for Russia, but there is no alternative. The mikado feels that he's entitled to all he fought for and won. There's to be no more timidity in the Japanese negotiations, and no more Port Arthur theft."

The Peace Envoys.

Washington, D. C., July 21.—The Russian-Japanese peace envoys will be received by the president at Oyster Bay the first week in August. The president expressed himself as favoring a speedy meeting of the distinguished visitors, but he'd not be surprised if they could get down to business at Portsmouth until August 10.

Root Willing to Manage Canal.

Oyster Bay, July 21.—President Roosevelt was in conference today with Secretary of State Root, and among the important questions discussed was the proposed transfer of the Panama canal from the jurisdiction of the war to that of the state department. Secretary Root is willing to assume the new duties if the president desires.

Assistant to Shont.

New York, July 21.—E. A. Drake, secretary and treasurer of the Panama railroad, has been appointed assistant to President Shont, who sailed for Panama yesterday. Mr. Drake will exercise the functions of president of the Panama commission during Mr. Shont's absence.

The Fleet Sighted.

Newport, R. I., July 21.—The fleet of Admiral Sigsbee, conveying the body of John Paul Jones to his final resting place at Annapolis, passed Nantuxet Shoals lightship last night, and will arrive at Chesapeake Capes tomorrow.

IRISH VICTORY.

In House of Commons—Much Excitement Created.

London, July 21.—The cabinet was in session two hours this afternoon discussing the government defeat in the house of commons last night. Several Conservative members of parliament have given their interviews declaring that dissolution should follow last night's vote. The government was defeated by a majority of three on the motion to reduce the membership of the Irish lands commission. On announcement of the vote a scene of greatest excitement was produced by Liberals and Irish members yelling, "Resign."

TO ESCAPE MOB.

Negro Is Taken From Russellville to Bowling Green.

Bowling Green, July 21.—Les McLean, a negro, was brought here from Russellville last night to escape a mob. Sunday he had a difficulty with Frank Wilhite, white, a blacksmith. Wilhite was struck on the head with a bar of iron and died yesterday. McLean makes the tenth prisoner brought here for safe keeping from adjoining counties. Five are from Logan, one from Simpson and four from Allen, all charged with capital offenses.

Will Hold Conference Tomorrow. Solicitor Ed Puryear stated this afternoon that he and Mayor Yeiser would probably hold a meeting tomorrow to determine what to do towards attempting to compel the East Tennessee Telephone Co. to take out a franchise to do business in the city. The matter was referred to the mayor and solicitor.

Death at Oak Station.

Albert Pouch, age one year, died of fever at Oak Station this morning and will be buried tomorrow afternoon near Oaks.

MANCHURIA STILL CLAIMED BY CHINA

A Note Addressed to the Powers Relative to Her Position.

Japan Reported to Contemplate the Invasion of the Siberian Coast in the Near Future.

RUSSIA IS NOW WEAKEST THERE

China Wants Manchuria. Washington, July 21.—China's official notification to the powers that she will not recognize any arrangement regarding Manchuria concerning which she has not been consulted beforehand has reached Washington, and will be forthwith forwarded to the president at Oyster Bay.

Before addressing this note to the neutral powers China sent to St. Petersburg and Tokio an identical note containing this notification. The Chinese communication is briefly worded and so expressed that it calls for no reply.

The arrival of the text of the note disposes of the unofficial report reaching Washington recently from Europe, which found credence in official circles, that China had requested to be allowed to participate in the conference.

China has not yet taken this step for several reasons. The Chinese government is anxious that so far as possible the belligerents be allowed to negotiate directly with each other, and is adverse to being forced into the negotiations. China's motive in addressing to Russia and Japan such a notification was to remind them that she had never acquiesced in the alienation of the Province of Manchuria from Chinese sovereignty, and that she expected as the first result of the war the full restoration to Chinese control of that province. That this position might receive the continued support of the neutral Powers, copies of the note were forwarded to the other capitals for presentation by the respective Chinese representatives.

To Invade Siberia.

London, July 21.—A dispatch to the Exchange Telegraph company, from St. Petersburg, announces that the landing of Japanese troops in Siberia is imminent. It is said military operations will be transferred to the coast in the near future, as that is where Russia is weakest.

Russians Surrender.

Tokio, July 21.—It is officially announced that 461 Russians on the Island of Saghalien which the Japanese troops recently seized have surrendered, 15 officers included.

THREE APPLICANTS.

For County School Certificates—Examination Today.

County School Supt. A. M. Ragsdale is today holding examinations of applicants for county teachers' certificates. There are but three applicants for certificates. They are: Mrs. Florence Grant, of Ballard county; Mr. G. C. Cox, of Graves county; and L. W. Feezor, of the city. Mr. Feezor formerly held a certificate but let it expire.

BRAKEMAN ASLEEP.

Struck by a Chicago and New Orleans Fast Train at Crofton.

Hopkinsville, July 21.—J. I. Martin, a Louisville & Nashville railroad brakeman, was killed by a train at Crofton last night. After throwing a switch to sidetrack his train, Martin sat down on a tie and fell asleep. He was struck by the Chicago and New Orleans limited and hurled fifty feet. Martin was twenty-five, unmarried, and lived in Nashville.

Marriage at Paris, Tenn.

Paris, Tenn., July 21.—Morris K. Rice, of Dawson, Ky., and Miss Mary Eaker, of this city, took their friends by surprise and got married Monday afternoon at the family residence on Blakemore avenue. Rev. G. T. Sullivan officiating. The parlor was handsomely decorated, only a few of the nearest neighbors and most intimate friends of the bride were present. Joel Fisher and Mrs. Nell Nolan were the attendants.

Woman Attempted Suicide.

New York, July 21.—Eleanor Vandeventer, whose fiancé is F. E. Carleton, Brooklyn's alleged bluebeard, was arrested today. She made an attempt at suicide by attempting to jump from the window at police headquarters, and was barely prevented. It is believed the woman was familiar with the actions of Carleton.

RELIEF GENERAL BUT NOT COMPLETE

Yesterday There Were 25 Additional Deaths in New York.

The Government Reports That There Has Been a Fall in Temperature with Showers.

IS STILL HOT IN PLACES

New York, July 21.—With the thermometer reaching a maximum of only 86 degrees yesterday there was general relief in New York and surrounding cities from the withering heat of Tuesday and Wednesday.

Although the heat wave is a thing of the past the effect of the high temperature and humidity was still apparent.

Up to 11 o'clock last night 25 deaths had been reported in Manhattan and Brooklyn with several others reported in Jersey City and nearby towns.

Hot Wave Broken.

Washington, July 21.—The hot wave which spread over a great part of the country during the past few days is at least temporarily broken, the substance of the conclusions announced by the prophets of the weather bureau. All through the South Atlantic states it is still abnormally warm but elsewhere very generally the mercury has dropped and particularly throughout most of the Middle Atlantic and New England states moderate temperature prevailed. This was due in some sections to storms. Showers in parts of the country are promised for today or Saturday.

Drop of 70 Degrees.

Menominee, Mich., July 21.—From a hundred in the shade to two below freezing point, is the twenty-four hour temperature experienced here. Frost last night played havoc with the garden truck.

Much Cooler in Paducah.

While last night was about as hot as preceding nights, the lowest being 74, today has been quite cool, the maximum up to 2 p. m. being 79.

About 6 o'clock a. m., a light rain began to fall, continuing almost uninterrupted all day, at times being quite heavy. Up to this afternoon the rain fall was .95 of an inch.

One Prostration Here.

Mr. Leo Haag, a young man employed at the Friedman-Keller establishment, was overcome by heat yesterday afternoon while walking home. He fell to the pavement, and after being taken home, remained in an unconscious state for several hours, being in a precarious condition last night. This morning he was much better and will recover.

Y. M. C. A. BUILDINGS

Are to Be Erected at Sturgis, Greenville and Central City.

Mr. P. C. Dix, who has been at the local Y. M. C. A. building on business reports that Y. M. C. A. buildings at Sturgis, Greenville and Central City, Ky., have been decided upon and that everything has been arranged at these places for the immediate construction of association buildings.

Hoptown Lunatic Caught.

Clarksville, Tenn., July 21.—John Walsh, an inmate of the Western Kentucky Insane Asylum, near Hopkinsville, Ky., escaped from that institution Tuesday night and came to this city. He has been confined in the asylum for three years. He is not violent, and did not give the officers any trouble when he was arrested on instructions from the asylum authorities. He was taken back to the asylum this evening.

MAN DROWNED OF SAND DIGGER.

A telephone message was received at the office of the Paducah Sand and Gravel company on North Second street this afternoon about 3 o'clock that a man had been drowned off their sand digger, which is up at Clark's River. No particulars were given except that the man's name was Whitney. There are two brothers, and it is not known which one of them lost his life.

The Mary N. was sent up by Supt. Fitzpatrick to aid in recovering the body, and bring it to Paducah, where the dead man lived.

LARGE CROWDS

VISITED THE NEW HOSPITAL YESTERDAY AFTERNOON AND NIGHT.

It is a Perfectly Equipped Institution and is Now Ready For Patients.

Riverside hospital, an institution of which every Paducahan should feel justly proud, was thrown open for inspection yesterday afternoon and evening and was visited by hundreds of ladies in the afternoon and as many men at night.

The ladies' reception took place from 3 to 6 o'clock and the handsome hospital was crowded all the afternoon until after the hour of ending the reception.

In the evening, beginning at 8 o'clock, the men's reception began and lasted until after 11 o'clock. Mayor Yeiser, accompanied by the board of aldermen and many councilmen, visited the institution about 9 o'clock, after the aldermen had adjourned from meeting.

Miss Frances Farley, the superintendent-matron, and her corps of attendants showed visitors about the hospital and explained everything. The wards are all complete except in one or two cases where furniture was delayed in coming, but as it was, the hospital was apparently as perfect as a hospital can be made.

This morning the hospital is open and ready for patients, but the patients from the old hospital will not be moved before Monday.

THAT "DARK HORSE."

More Talk About the U. S. Senatorial Race.

Louisville, Ky., July 21.—Munnell Wilson, the democratic nominee for representative in Hopkins county in talking of the Blackburn-Paynter senatorial contest, expressed the opinion that there would be a third candidate he thought. He declined to say who he thought the candidate would be, but was confident that

SURE--the "big stores" advertise.

Advertising helped them grow big--why shouldn't they?

They continue advertising too--likewise they keep on growing.

ADVERTISING will CERTAINLY help your business.

Why not try it and soon be one of the "big fellows" yourself?

Ask Charles R. Mason, he probably has an idea just suited for your business.

SOUTH PITCHED AN ELEGANT GAME

The Egyptians found South a puzzle within a puzzle at Wallace park yesterday afternoon. South and Lane opposed each other in the box, and while the Mud Wallowing twirler pitched an excellent game, South went him just one better. Three bingles were all that South yielded while Lane went up against it for six, one being a double and two triples, the remainder being singles.

The Indians shut the Egyptians out to be brief, and here is the way the Indians made their runs:

In the second inning Taylor singled to center field and stole second and third base. Perry missed three and Potts went out from Collins to Roland. Brahic got struck by the

ball and at this juncture Land hit to deep right-center for three sacks, scoring Taylor and Brahic but himself dying on the line by South's strike out.

In the eighth inning the Indians made a well earned run. With South and Gilligan out, McClain singled to center field and Bohannon hit for three sacks to center field. Taylor retired the side from Blackburn to Roland leaving Bohannon on the line.

Rain Prevented Game.
Vincennes, Ind., July 21.—There was no game here yesterday between Princeton and Vincennes on account of rain.

Marre and Collins played sensational ball yesterday.

Bohannon and Land proved themselves sluggers yesterday. They knocked balls which would have gone far out of the park last year.

Fleming in center field showed up well. The fans are wondering why Ray in Princeton turned him loose.

South has buried his hoo doo.

The Mud Wallowers seem to have their "daubers down" proper. They are lifeless as long as the opposing team is one ahead.

Manager McCarty ought to turn a box of pepper loose among the Mud Wallowers.

The only consolation the Cairo fans are indulging in is that the Kolbits have a chance to beat the Indians out.

The season is but half gone and there is yet hope for Princeton and Cairo.

Lane seems to be one of the best pitchers in the league.

Wood, who played left field for Cairo yesterday and the day before, is said to have come from the St. Louis Cardinals. He is the man the Indians made 14 runs off in Cairo.

Brahic is developing into a fielder. He has made several good plays in right garden.

Manager Lloyd is improving but will be out of the game several days yet.

Here is Buck Freeman's record in the Central league to date: Played

20 games, 65 times at bat, made 8 runs, 9 hits, stole one base, per cent .138.

In the Pacific Coast league, Tacoma has sprung a decided innovation by calling the game at 6:30 p. m. The management believes that by this means a larger attendance may be secured. There is plenty of daylight after 6:30 to finish the game and the late hour will enable the fans to get home from work, have a bite of supper and then make a bee line for the park. The innovation is only temporary but probably will be made permanent if it proves successful.

Micky Finn is now manager of the Nashville team of the Southern league. He takes the place of Newt Fisher, who has managed that team since the Southern was organized the last time.

Both men are well known in Paducah. Finn and his Toledo, Ohio, team trained here in the spring. He resigned as manager of the association team several weeks ago. This is Finn's second time as boss of a Southern leaguer. He had Little Rock until 1904.

A representative of Jimmy Ryan, manager of the Evansville team, came here Wednesday afternoon and prevailed on Outfielder Long to go to Evansville with him and talk over the matter of signing with that team. Long has an offer of \$175 a month to play utility outfielder for Minneapolis and will in all probability take it.—Henderson Gleaner.

Manager Harry Lloyd has signed "Rube" Perdue, of the Hopkinsville team, and he is expected to report here at once. Perdue hails from Galatin, Tenn., the home of Frakes, and is considered at home a better twirler than "Long Bill."

Wilder, Wagner, Larsen and Price were yesterday permanently disqualified and word to that effect was forwarded to Secretary Farrell at Urbana, N. Y. It was understood that this step was taken sometime ago but the management decided to give them still another chance, and the word to Mr. Farrell was withheld. It seems that they were but little inclined to make the best of it and the move has finally to be made. Two or three of the Kitten's lives have already this season been ruthlessly destroyed. It seems that Paducah is bent on putting the quietus to the remainder of them. She will succeed at called meeting, which is to be held Monday, unless she quits trifling with players belonging to other clubs. A meeting will be held Monday at the call of Secretary Greaney at which will be present representatives of all cities in the league. The chances are that some serious things, closely connected with the life of the league, will come up for consideration.—Cairo Bulletin.

Hopkinsville Gives Up.

The Hopkinsville New Era says: There was a sudden death in town last night and the corpse is the Hopkinsville Baseball Association. It is not known yet whether any public services will be held or not, but the body will likely be laid away as quickly and privately as possible.

At a meeting of the directors and officers of the local association last night, after discussing the matter of Hopkinsville's being knocked out of the league, it was decided to throw up the sponge. The players were all handed their unconditional releases and the association passed out of existence.

Of the players the New Era says: However, in adopting this method of settling the ownership of the players, the dice throwers forgot that the men themselves had a say so in the matter. Pat McAndrews and Harry Meyers have accepted Princeton's terms and will probably leave tonight for that place. Pitcher Hubbard Perdue will probably go either to Vincennes or Paducah. Bonar has not yet accepted the offer made him by Cairo and will remain here for a few days. Forrest Morris turned down Cairo's offer, and will return to Evansville to work at the carpenter's trade. Pitcher Jack Desmond has accepted terms with Sheffield, Ala.

Catcher Lewis Schan will return to his home in Jeffersonville, Ind., William Henderson, the little second baseman, will return to the Evansville Central league team from which he was farmed to Hopkinsville. Left Fielder Frank Brady and Catcher Manager Lew Rutledge will return to their homes in Evansville; Bobby Barlow, center fielder, will go to his home at Ironton, O.; Pitcher John Simpson will go back to his home at Nicholasville, Ky.

Smithland a Good Ball Town.
The High school boys of Paducah, called the Iroquois, came up on the packet and staid over till Tuesday and had a warm game with the Hendricks boys, resulting in a victory for the home team in a score of 6 to 5. It was all up when Presnell put the twirl on them and they fell into a well when they struck Taylor's mitt. The game was not called till 4 and it was not till supper time that the battle was ended.

Wallerstein pitched for the Iroquois and did good work for them till his arm gave out, and Rudy went in.

A large crowd of men and a few ladies witnessed the game Sunday,

and Monday the large grand stand would not hold the spectators. Smithland is getting to be a baseball town and by next season the park will be enclosed and admission charged.—Smithland Banner.

President Brown Hears the News.

President Charlie Brown, of the K. L. T. league, has returned to the city and states that he will be at the league meeting Sunday or Monday at Vincennes. President Brown has been off on a hunting and fishing trip and said that league officers could have communicated with him within three hours, but he received no notification of trouble in the league, the first news reaching him through the papers.

He refuses to say anything about the trouble in the Kitty league, saying there will be plenty of time to discuss it later on.

Platt is Mad—May Leave the Team.

Wiley Platt says that he has not been treated right and will not remain with the team any longer. Platt has been accused of too much dissipation and feels hurt, especially when he says it is not true. Manager Lloyd benched him for alleged irregularities and Platt is preparing to go home to West Union, O. He will meet the management today and an attempt will be made to retain him on the pitching corps.

Clarksville Wants Ball.

Clarksville, Tenn., July 21.—A movement has been started among the lovers of baseball to organize an independent team. A young man who last year was manager of a team in the Texas League, will be here soon to confer with local parties, and it is probable that an independent team will be formed. There are strong teams in towns surrounding Clarksville.

No Southern League For Us.

The talk of Paducah getting a franchise in the Southern League is largely tommyrot. Paducah could never remain in the Southern league, where even such cities as Memphis and Nashville have a hard time keeping up. The salaries would be much larger, the expenses greater and the interest here in the game would be very little, if any, greater. The result would be that with the limited attendance here, Paducah would soon be unable to keep up, or would be dropped by the other cities. Shreveport, La., whose franchise it is reported Paducah may get, is a city now of 40,000 inhabitants, and still can't support a Southern league team. The best thing for Paducah to do, it will likely be agreed, is to stay where she is and support the Kitty league.

More Additions to Our Great Cut Price Sales Means More Opportunities for Money Saving

We Are Preparing to Enlarge Our Children's Department And Have Made Great Reductions on Everything in It

OUR rapidly growing business in our Children's Department demands more room, and we have just completed plans for one of the largest and best equipped Children's Departments in the south. Contractors will take charge in a few days and before they come in we must reduce our stocks to a minimum. To do so we have put on the greatest cuts on every item in the department--Children's Clothing, Hats, Caps, Underwear, Shirts, Shoes and so on through the lines.

This is one of the greatest sales we have ever put on, in point of a money saver for our patrons, and if your boys are needing anything at all, or will soon, you will do well to take advantage of this sale. We do not propose to sell you shoddy goods, but good, reliable stuff. If you find you cannot come with your boy just send him down and we will fit him out the same as if you came.

Daily Thought.
Every time you acknowledge
weakness, inefficiency, or lack of
ability, you weaken your self-confi-
dence, and that is to undermine the
very foundation of all achievement."

INVOKING THE POWERS.
One of the Goebel papers, the Ow-
ensboro Messenger, has the nerve to
say of the Powers case:

"Let there be no relaxation in the
efforts of the commonwealth to mete
out to him the punishment which he
so richly deserves. But a small por-
tion of the \$100,000 reward fund
was ever spent. Much more has been
spent for Powers alone than has been
paid out of that fund upon his trials
and all the others. Let the reward
commissioners not be sparing now in
expenditures to further prosecute
this case. Let the commonwealth ex-
ert its full power. Let the best of
legal talent be engaged to represent
the state before the supreme court
and before any other court where it
may be taken. Let the arm of the
law be strengthened at every point."

All sensible members of the clique
that have persecuted Powers see that
they have gone too far already, with-
out acting on the Messenger's advice
to now call into service that \$100,-
000 reward fund.

Powers and his friends are doubt-
less ready to admit that the crowd
has accomplished a great deal by its
threats, boodle and intimidation,
without resorting to the reward fund,
but it is likely that the methods that
have been employed against Caleb
Powers in the past, will never be em-
ployed against him again, reward
fund or no reward fund.

These methods, for five years, were
in a way successful but not in the
way desired and anticipated by the
democrats, and will ultimately fail
entirely. Not only that, but they
will bring the democratic party in
Kentucky into greater disrepute than
it now finds itself over the Powers'
case.

Admiral Rojestvensky, whose fleet
was annihilated in the battle of the
Sea of Japan, has made an official
statement which, if true, shows a
more deplorable state of affairs in
the czar's domain than yet suggest-
ed. He claims that the battleships
had not been built according to plans,
could not make the time or hold the
coal, that half the ammunition was
worthless and that before the battle
was fought there were constant mu-
nitions aboard some of the ships and
on one fourteen men were executed.
Most of the gunners were incompet-
ent, he declares, and the revolution-
ary feeling was so strong on some of
the vessels that they refused to fire
on the enemy when ordered to.

Political gossip insists that there
is going to be a "dark horse" in the

United States senatorial race, and
that eventually both Paynter and
Blackburn will withdraw. Only one
man is extensively mentioned in con-
nection with the "dark horse," and
that is Hon. John K. Hendrick, of
Paducah.

The tendency of college boys to
work in the harvest fields is a good
indication. Up at Lexington 200
students are employed on one farm.
There are none more successful in
life than those who know how to
work and are willing to work—un-
less it is those who have to work.

A Louisville court has decided that
the health officer has no legal right
to confiscate milk alleged to be im-
pure. Yet we are told that a city
has a right to pass any kind of a law
that is deemed essential to the
health, morals or welfare of the
community.

Judge T. J. Nunn is already being
mentioned in connection with the
democratic gubernatorial nomination.
He will be the anti-machine candi-
date if he runs, but those close to
him declare that he has no intention
of playing against a sure thing.

Smithland is still hot after that
electric line from Paducah to Marion,
and if capitalists at each end of the
line display as much interest as the
people at intermediate points, the in-
terurban is certain to be built.

The hot weather will make us all
more appreciative of winter when it
comes, but it is a pity we can't get
a small slice of arctic weather now
when we need it so.

IN THE COURTS

County Court.
A lease has been filed in the county
clerk's office showing that R. Bar-
low, of New York, has leased to the

ny the ground the latter occupies
with its basket factories in Mechan-
icsburg, for \$1,500 per year.

Bankruptcy Court.
Referee in Bankruptcy E. W. Bag-
by yesterday afternoon heard testi-
mony in exceptions filed to claims of
Edward Hansen and A. B. Williams
in the matter of the Paducah Wagon
Works Co. bankruptcy case. No de-
cision has been reached in the matter.

In the matter of Brown & Shelton,
bankrupts, a ten per cent distribu-
tion was made. Other small distribu-
tions will be made. Other small dis-
tributions will be made shortly.

Referee Bagby has recommended a
discharge in bankruptcy in the Chas.
Brown case. Mr. Brown is president
of the Kitty League.

The stock in the Bleich Jewelry
store has been ordered sold August
1st.

A report of sale was filed in the
Hessig bankruptcy matter. The dis-
tillery was sold for \$9,000 to Frank
M. Barnard.

Is Compromising Cases.
Auditor's Agent Frank Lucas has
gone to Hopkinsville for two weeks
to make compromises in suits he has
brought there against four hundred
persons and corporations for back
taxes. The Hopkinsville papers say
that he has been besieged by large
crowds ever since he established him-
self there in the county clerk's of-
fice. A number of cases have already
been settled.

Paducah Captain Checks Up.
Capt. James S. Caldwell, the cap-
tain of the recently mustered out
company of Paducah State Guard,
was in the city yesterday checking up
the equipment furnished him by the
adjutant general's department. He
says that the people are enthusiastic
over the encampment.—Frankfort

BOARD OF ALDERMEN HELD RUSH SESSION

The aldermanic board met in reg-
ular session last night and transacted
business with much dispatch, ad-
journing at 8:30 o'clock, one of the
quickest regular meetings on rec-
ord.

Alderman Bell was the only mem-
ber absent, and after adjournment
the mayor and board in a body visit-
ed the new city hospital and attended
the reception.

One matter brought up under the
head of "new business" was a resolu-
tion brought in by Alderman Farley
to abate the "street car nuisance," as
he called it, and to amend the fran-
chise ordinance so that it would re-
quire the cars to be run on regular
schedule time. Alderman Farley
does not think the cars have been run-
ning on schedule time, and wants
some set rule so that they can be
depended on. He also thinks that the
unnecessary blowing of whistles by
conductors and the unnecessary ring-
ing of gongs should be stopped. The
matter was referred to the ordinance
committee to report at the next meet-
ing.

Several communications from prop-
erty owners along the lines of street
improvements, saying they did not
intend to pay for storm water sewers,
were received and filed.

The mayor's action in signing con-
tracts for the improvement of Ken-
tucky avenue and Jefferson street was
ratified.

The resignation of Sanitary In-
spector Simmons was received and
the appointment of Mr. Geo. Webb to
succeed him ratified.

The matter of paying off a note
for \$1,700, held by Messrs. E. C. and
R. G. Terrell was referred to the
finance committee.

Mayor Yeiser reported the sale of
a telephone franchise to Mr. Henry
Hughes for \$20 and recommended
that the sale be not ratified, which
was concurred in. The city claims
it intended the franchise was for the
East Tennessee company, which op-
erates under a grant of the legisla-
ture that is perpetual and does not
necessitate a franchise, but the East
Tennessee Telephone company did
not bid on it. The company agreed
voluntarily sometime ago to buy a
franchise from the city, and every
year thus pay a franchise tax, but
when the franchise ordinance came
up in the board the members insist-
ed on fixing the rates in the fran-
chise at about half what the company
is now getting, and the franchise in
addition stipulates that the rates
could not be increased during the
twenty years of the franchise, so the
East Tennessee company failed to
bid. The matter of compelling the
company to purchase a franchise was
last night referred to the mayor and
city solicitor to ascertain what can

be done. City attorneys in past
years, after investigating the ques-
tion, always decided that the East
Tennessee company needed no fran-
chise, and could not be made to op-
erate under one.

The matter of refunding Mr. Roy
McKinney a license taken out for
vinegar dealing, was referred. He
took out a vinegar license under pro-
test, and claims he does no more busi-
ness in this line than wholesale mer-
chandise dealers who pay \$11. He
has a wholesale merchandise license
in addition to the vinegar license.

The motion to bring in an ordi-
nance taxing coal dealers \$25 annu-
ally and coal dealers handling side
lines \$35, was adopted.

Mayor Yeiser's action in buying
a strip of ground adjoining the Dog-
wood factory on North Sixth street
for use as a street to the river in con-
veying garbage to the dump, was rat-
ified. The property costs \$425 and
was bought from Mr. A. J. Bauer.

Prayers from W. B. Scott, W. A.
Gardner, John Oehlschlaeger and C.
C. Lee for relief from over-assess-
ment were referred.

The report of the tax supervisors,
who raised the banks on personal
property assessment \$171,000 this
year, was received and filed.

The finance committee report for
bills, accounts, salaries, etc., was re-
ceived and filed.

The ordinance prohibiting spitting
on pavements and in public places
was given first passage.

The ordinance permitting bond
companies to go surety for coffee-
house keepers was given second pas-
sage.

A petition for the improvement of
Little avenue in Littleville, by grad-
ing and graveling, was referred.

The water company was ordered
to extend mains on Bridge street,
and on Jones from Sixteenth street
west 400 feet.

The water company reported the
extension of mains on Clay street
from Ninth to Tenth, on Clay from
Sixteenth to Fountain avenue.

Coffee house licenses with the Fi-
delity and Deposit Co., of Maryland
as surety, were granted Wm. Greek,
J. Bulger, L. C. Lee, C. E. Blackhall,
F. M. Matlock, Scott Overton and
Hayes & Co.

The board ordered the refunding
of \$75 to Seawright and Mitchell
saloon keepers, for overpaid license.

The board ordered the refunding
of \$62.50 to W. M. Gibson for over-
paid saloon license.

The name of Jake Biederman was
substituted for A. J. Reitz in the sa-
loon license of Charles Graham; the
name of S. Loeb for R. Calissi in the
license of W. W. Mitchell, and the
name of S. Loeb for Gus Reitz in the
license of E. Paley.

On motion the board adjourned.

Mayor Powell, of Henderson Issues Labor Day Proclamation

Here is what Mayor Powell, Hen-
derson's literary genius, hands out
in the way of a Labor day proclama-
tion:

All hail Sovereign Queen of La-
bor Day. Thy mesmeric mandate, our
delight is to obey. Therefore, with
sweet acclaim, I do proclaim Mon-
day, September 4, 1905, a day of rest
and recreation in our domain.

To all good people a welcome is
tendered, sincere as the blush of a
modest maid, and pure as the smile
of a beautiful babe. Let freedom's
banner wave to the music of Yankee
Doodle and Dixie. Unchecked be the
poetry of motion to those who enjoy
such delightful whirligigs. Hear
booming bomb shells of burning elo-
quence bursting on the breeze. See
Senor Shanghigh, the sword swal-
lower. In the dense foliage of the
wild tangled wood find the famous
fleet-footed fat feminine. Behold the
prize baby tug at a pretty Mammy's

clothes, and pull on ugly Daddy's
nose. Let whole carloads of innocent
frolic and fun, be dealt out to every-
body. Not Peruna or Rocky Mountain
Tea, nor all the Celery Compounds
and Swift's Specifics, mingled with a
sea of soul-stirring and stomach
soothing syrups can bring unto you
such a thrill of joy as the rejuvenat-
ing recollection of their colossal cel-
ebration, Glory Hallelujah, rush to
Henderson and get a glimpse of Hea-
ven. Labor laughs loudest in a land
of liberty. Those who toil best know
how sweet it is to rest. When the
starry splendor of the night grows
dim, and the glorious sun of another
day shall summon you to work, and
duty, may you go forth refreshed,
and live a thousand years of happi-
ness and success.

In testimony of these poetical fic-
tions and patriotic truths, I do here-
unto subscribe my official signature
this 18th of July, 1905.

J. H. POWELL,
Mayor of the city of Henderson, Ky.

Healing Properties Found in Water From Springs in and About Paducah

Paducah may some day become a
resort for health seekers, because of
the healing waters found within the
county's confines. There is water to
be found in exhaustible quantities in
and around Paducah, which will cure
a variety of the ills to which the
flesh is heir,—if the testimony of
those who claim to have been cured
is to be relied on.

For many years the water from
the ice company's artesian well on
First street was used extensively by
people from all parts of the city, and
the crowds flocked there in such
numbers that finally the factory had
to close its public faucets, and deny
the public access to the water.

On South Fifth street there is a
mineral well from which people have
drunk for many years, and other
wells and springs are reported in var-
ious parts of the county which are

said to produce unlimited volumes of
water that possesses medicinal prop-
erties of value.

The latest mineral water, however,
to attract attention in the city was
discovered by an old farmer named
Westbrook, who resides near the old
Starr farm only a mile or two from
the corporate limits, out the Pool
road. His daughter had been ill and
drank the water from a well which
is 100 feet deep, and, although her
malady had been pronounced incur-
able, she improved and is now well.
This attracted Westbrook's atten-
tion to the water, which has a flavor
something similar to Epsom salts.

An analysis was made of it by a lo-
cal chemist, who says it is as good as
the Echo Springs water, and is prac-
tically the same as found at some of
the neighboring summer-resorts.
Westbrook now hauls the water to

town in a barrel, and has a large
number of customers. Scores of
people buy it by the gallon every day
and say it is fine. Westbrook is said
to be making money rapidly, and al-
ready there is talk of buying the farm
and erecting a hotel there,—if the
water should turn out to be all that
is claimed for it.

ter is that some animals will drink it

cows, and two drink the water, and
the other two will not touch it.

trip up the Tennessee.

The Kentucky came out of the
Tennessee river this morning with
3,000 bags of peanuts for the South-
ern Peanut Co., and leaves at 6
o'clock tomorrow evening for the
Tennessee river.

The City of Savannah came in this
morning from St. Louis, and left for
the Tennessee river.

The Rees Lee leaves here Sunday af-
ternoon on her way to Cincinnati.

The J. Fowler left this morning
at 10 o'clock for Evansville.

The Reuben Dunbar arrives here
Sunday from Nashville, and leaves
Monday for Clarksville.

The American passed yesterday
coming out of the Tennessee with ties
for ports below here.

The Inverness left for Tennessee
river yesterday for ties.

Mr. R. N. Hogan, of the Standard
Tie Co., arrived in the city after look-
ing after the interests of his compa-
ny on the Tennessee river.

The Chas Turner arrives tomorrow
out of the Tennessee with ties for
the Standard Tie Co.

The Margaret has been laid up
over at the Island, and the Castalia
will probably not make any more
trips for awhile.

The Royal makes her daily trips to
Paducah at 10 a. m., and back to
Golconda at 2 p. m. with uninter-
rupted regularity.

The Cowling made her regular
trips today.

A petition is being circulated
among river men and signed by
them all, asking Major Newcomer,
the government engineer in charge
of Tennessee river to immediately or-
der the old Tennessee river bridge
torn down. River men claim that the
piers of the two bridges form a
"cross current" which endangers
steamboats.

The Dick Fowler's excursion up
and down the rivers last night under
the auspices of the Y. M. C. A. was
most delightful and there was a
large crowd present.

Col. Will S. Hays, one of the most
famous song writers the south has
ever known, and river editor of the
Courier-Journal, celebrated his 68th
birthday on Wednesday at Louis-
ville. Col. Hays is in good health
and still attends to his duties as riv-
er editor of the Courier-Journal. Al-
though he made fortunes for pub-
lishers, Col. Hays was careless about
his own interests, and as a result de-
rived almost nothing from his songs.

"Mollie Darling," alone sold 2,800,-
000 copies, and from this Col. Hays
would have received \$76,000 com-

But Mr. S. A. Fowler Does Not Think
the Warren Will Suit.

Mr. Saunders Fowler, who went up
to Frankfort and Burnside, Ky. to
arrange for chartering or buying a
boat to take the place of the Dick
Fowler, returned this morning and

stated that although he had an op-
tion on the steamer Warren, owned
by the Burnside Transportation Co.,
of Burnside, Ky., he did not think
the Warren would suit this trade.
Mr. Fowler said he had no present
plan for selling the Dick Fowler but
that low water necessitated a smaller
boat.

OFFICERS CHOSEN BY CENTRAL BODY

Mr. Pete Smith is President of
Labor Unions in the City.

Delegates From Subordinate Unions
Were Admitted to Central
Body.

LATE LABOR UNION NOTES

Officers for the ensuing year were
last night elected by Central Labor
union, as follows:

Pete Smith, leatherworkers, re-
elected president; Charles Hart,
blacksmiths, vice president; Preston
Martin, cigarmaker, recording secre-
tary; W. E. Gibson, clerk, financial
secretary; Lon Crandell, carpenter,
treasurer; Leslie Purdy, bartender,
guide; Henry Carroll, ship caulker,
guardian; Campbell Jarvis, machin-
ist, and Harry Rawlings, electrical
worker, were elected trustees. Geo.
Hannan, of the Tinnars' union, was
elected membership secretary.

Delegates from subordinate unions
presented credentials and were
admitted to Central body as follows:
Lon Crandell, Arthur Watts and
Walter England from Carpenters';
and Joiners' union; Peter Smith, R.
M. Miles and Charlie Block, from the
Leatherworkers; Barney Davidson,
William Denker and Henry Carroll,
from the Ship Caulkers No. 39; Geo.
W. Walters, from Typographical union.

The Blacksmiths' union, reported
that the Illinois Central had signed
up their agreement for twelve
months, and that everything was sat-
isfactory.

President Smith thanked the dele-
gates for making him their presiding
officer again, and urged the same
earnest work on part of the organi-
zation as has characterized it in the
past.

A committee was appointed to vis-
it the management of the United
States Gas, Coal and Coke company
regarding the caulkers' strike. It is
understood the company, which has
a number of boats, is willing for the
caulkers to spin their own oakum.

Walter Shelby has been elected by
the Bartenders' union as their mar-
shal for the big parade Labor day,
and Miss Fannie Lanhan as their
candidate for Goddess of Labor.

The drilling of soldiers on Labor
day for a prize, etc., has been aban-
doned as it has been learned that the
encampment will be over Labor day,
and none of the soldiers will be here.
Labor day is Sept. 4, and the encamp-
ment ends Sept. 2.

A Central City Romance.
Central City, Ky., July 21.—Miss
Mary Riley, a pretty young lady of
this place, and Mr. H. Smith, of To-
ledo, Ohio, were quietly married at
Greenville by the Rev. Dr. Woodson.
Miss Riley and Mr. Smith had never
met, but had corresponded with each
other for some time. Miss Riley, ac-
companied by her father, boarded the
train bearing her future husband at
this place, and unknown to each other
they traveled the distance between
here and Greenville in the same
coach. On leaving the train at
Greenville they recognized each other
from pen pictures given, and being
mutually pleased, they were married
at once. Mr. and Mrs. Smith will
visit relatives here for a few days
and then leave for Toledo, where
they will make their future home.

Boy Badly Burned.
Hopkinsville, Ky., July 21.—A boy
named Hershel Hayes was badly burned
in a peculiar manner. He was
walking across a field near town with
a lot of matches in the pocket of his
trousers with his pocket knife. By
some means the matches were ignited
and his clothing set on fire. The
boy burned his hands severely in
vainly trying to put out the fire, and
then ran 300 yards to a pond and
plunged in before the smoldering
flames were entirely controlled.

life and will leave there today over
the road after which they will order
another survey beginning at Mc-
Gee's Springs, and running on a di-
rect line to Tennessee river, crossing
the I. C. about seven miles north of
here. Mr. Beaumont seems to be-
lieve that unless the citizens of May-

OFFICIAL REPORTS ON RIVER WORK

Col. Ruffner Tells of What Has
Been Accomplished.

Recommends a Light Draught Snag
Boat for Use During Low
Water Periods.

OTHER GOVERNMENT WORK

Col. E. H. Ruffner, corps of engi-
neers, U. S. A., who has charge of
the works and improvements on the
Ohio, Muskingum, Big Sandy, Guy-
andot and Kentucky rivers, has just
issued his annual reports concern-
ing these streams.

The total amount expended on
Ohio river improvements for the
fiscal year ended June 30 last was
\$194,335.75. The work of the im-
provement of this river was com-
menced by the government in 1827.
The length of the stream through
which the work has extended is but
little short of 1,000 miles.

The total expenditures by the gov-
ernment during the past 78 years,
exclusive of liabilities outstanding on
June 30 last, aggregates \$6,608,-
617.43, or an annual average for
the improvements and maintenance
to date of \$85.76 per mile.

The cost of operating the snagboat
Woodruff during the past year was
\$34,688.23. Col. Ruffner says that
this boat is very powerful and finely
equipped and does admirable work
except when the stage of the river is
less than four feet. He, therefore,
asks that next year there be appro-
priated \$65,000 instead of \$50,000,
as in the past for this work, so as to
cover low water periods. The addi-
tional \$15,000 he recommends be used
in building and equipping one
light draft combination snag and
derrick boat for use in extreme low
water.

The total record for the Woodruff
is as follows: 694 snags, aggregating
3,086.39 tons; eight rocks, measur-
ing 2,261 cubic feet; 79 wrecks, com-
prising 39 coal barges, 29 coal boats,
three flat boats, two fuel flats, two
wharfboats, one sand boat and the
remains of three steamboats. The to-
tal distance covered was 3,825 miles.

The second annual report of Capt.
Harry Burgess, in charge of the
United States engineer's office, which
supervised all the work done on the
falls of the Ohio, on the Louisville
and Portland canal, on Green, Bar-
ren, Rough and Wabash rivers dur-
ing the fiscal year ending June 30
last, has been issued. The report is
an exhaustive one, giving everything
in connection with the work in the
minutest detail.

The total expenditures in his dis-
trict for the last fiscal year were
\$276,568.90. The amount expended
on the care and operation of the
Louisville and Portland canal dur-
ing the fiscal year was \$91,762.52,
and the amount expended on the care
and operation of the locks and dams
on Green and Barren rivers was \$74,-
386.02. The sum of \$81,895.82 was
also expended on the construction of
new locks and dams on Green river.
On the Wabash river was spent \$2,-
939.74 and on Rough river \$1,-
037.24.

The statistics as to tonnage
through the canal and over the falls
for the past fiscal year show a de-
crease as compared with 1904. This,
it is claimed in the report, is due
mainly to the long drouth last sum-
mer and the heavy ice of last win-
ter, which greatly impeded traffic.
The total tonnage of commerce
through the canal for the past year
was 732,607 tons; over the falls,
509,643, making a grand total of
1,242,250. For the fiscal year 1904
the total tonnage through the canal
was 1,557,391; over the falls, 541,-
927, making a total of 2,099,318.
The total tonnage for the year 1904
was the largest for the past eight
years, as shown by the comparative
statement in the report.

I. C. DIVIDEND.

Regular Amount Was Declared at
Chicago.

Illinois Central directors Wednes-
day at Chicago declared a regular
semi-annual dividend of 3 per cent,
and an extra dividend of one-half
per cent. It had been asserted pos-
sively for sometime that the divi-
dend would be a regular 3 1-2 per
cent one. There was consequently dis-
appointment in the market when the
dividend announcement was made,
and the stock at once lost 1-4
points.

dividend should have been declared
as it was or as the street had ex-
pected. As long as earnings continue
to be large the stock will undoubt-
edly get 7 per cent. The extra divi-
dend of one-half per cent paid six
months ago was declared for the os-
tensible reason that it was the occa-
sion of the fiftieth consecutive divi-
dend. But the earnings have war-
ranted another distribution this
time, merely as a matter of increase
in dividend rate. The one-half per
cent extra may be continued for a
period of years before making it per-
manent.

The Return of SHERLOCK HOLMES

By A. CONAN DOYLE

Author of "The Adventures of Sherlock Holmes," "The Hound of the Baskervilles," "The Sign of the Four," "A Study in Scarlet," Etc.

ILLUSTRATED BY F. D. STEELS

The Adventure of Black Peter

No. 6 of the Series

(Copyright, 1901, by A. Conan Doyle and Collier's Weekly.)

HAVE never known my friend to be in better form, both mental and physical, than in the year '95. His increasing fame had brought with it an immense practice, and I should be guilty of an indiscretion if I were even to hint at the identity of some of the illustrious clients who crossed our humble threshold in Baker street. Holmes, however, like all great artists, lived for his art's sake, and, save in the case of the Duke of Holderness, I have seldom known him claim any large reward for his inestimable services. As unworried as he—or so he appeared—that he frequently refused his help to the powerful and wealthy where the problem made no appeal to his sympathies, while he would devote weeks of most intense application to the affairs of some humble client whose case presented those strange and dramatic qualities which appealed to his imagination and challenged his ingenuity.

In this memorable year '95 a curious and incongruous succession of cases had engaged his attention, ranging from his famous investigation of the sudden death of Cardinal Tosca—an inquiry which was carried out by him at the express desire of his holiness the pope—down to his arrest of Wilson, the notorious canary trainer, which removed a plague spot from the east end of London. Close on the heels of these two famous cases came the tragedy of Woodman's Lee and the very obscure circumstances which surrounded the death of Captain Peter Carey. No record of the doings of Mr. Sherlock Holmes would be complete which did not include some account of this very unusual affair.

During the first week of July my friend had been absent so often and so long from our lodgings that I knew he had something on hand. The fact that several rough looking men called during that time and inquired for Captain Basil made me understand that Holmes was working somewhere under one of the numerous disguises and names with which he concealed his own formidable identity. He had at least five small refuges in different parts of London in which he was able to change his personality. He said nothing of his business to me, and it was not my habit to force a confidence. The first positive sign which gave me of the direction which his investigation was taking was an extraordinary one. He had gone out before breakfast, and I had sat down to mine when he strode into the room, his hat upon his head and a huge barb headed spear tucked like an umbrella under his arm.

"Good gracious, Holmes," I cried, "you don't mean to say that you have been walking about London with that thing?"

"I drove to the butcher's and back."

"The butcher's?"

"And I return with an excellent appetite. There can be no question, my dear Watson, of the value of exercise before breakfast. But I am prepared to bet that you will not guess the form that my exercise has taken."

"I will not attempt it."

He chuckled as he poured out the coffee.

"If you could have looked into Alford's back shop you would have seen a dead pig swinging from a hook in the ceiling and a gentleman in his shirt sleeves furiously stabbing at it with this weapon. I was that energetic person, and I have satisfied myself that by no exertion of my strength can I transfix the pig with a single blow. Perhaps you would care to try?"

"Not for worlds. But why were you doing this?"

"Because it seemed to me to have an indirect bearing upon the mystery of Woodman's Lee. Ah, Hopkins, I got your wire last night, and I have been expecting you. Come and join us."

Our visitor was an exceedingly alert man, thirty years of age, dressed in a quiet tweed suit, but retaining the erect bearing of one who was accustomed to official uniform. I recognized him at once as Stanley Hopkins, a young police inspector, for whose future Holmes had high hopes, while he in turn professed the admiration and respect of a pupil for the scientific methods of the famous amateur. Hopkins' brow was clouded, and he sat down with an air of deep dejection.

"No, thank you, sir, I breakfasted before I came round. I spent the night in town, for I came up yesterday to report."

"And what had you to report?"

"Failure, sir; absolute failure."

"You have made no progress?"

"None."

"Dear me! I must have a look at the matter."

"I wish to heavens that you would, Mr. Holmes. It's my first big chance, and I am at my wits' end. For goodness sake, come down and lend me a hand."

"Well, well, it just happens that I have already read all the available evidence, including the report of the inquest, with some care. By the way, what do you make of that tobacco pouch found on the scene of the crime? Is there no clew there?"

Hopkins looked surprised.

"It was the man's own pouch, sir. His initials were inside it. And it was of seal skin—and he was an old sealer."

"But he had no pipe."

"No, sir, we could find no pipe. In deed, he smoked very little, and yet he might have kept some tobacco for his friends."

"No doubt, I only mention it because if I had been handling the case I should have been inclined to make that the starting point of my investigation. However, my friend, Dr. Watson, knows nothing of this matter, and I should be none the worse for hearing the sequence of events once more. Just give us some short sketches of the essentials."

Stanley Hopkins drew a slip of paper from his pocket.

"I have a few dates here which will give you the career of the dead man, Captain Peter Carey. He was born in '45—fifty years of age. He was a most daring and successful seal and whale fisher. In 1883 he commanded the steam sealer Sea Unicorn of Dundee. He had then had several successful voyages in succession, and in the following year, 1884, he retired. After that he traveled for some years, and finally he bought a small place called Woodman's Lee, near Forest Row, in Sussex. There he has lived for six years, and there he died just a week ago today."

"There were some most singular points about the man. In ordinary life he was a strict Puritan—a silent, gloomy fellow. His household consisted of his wife, his daughter, aged twenty, and two female servants. These last were continually changing, for it was never a cheery situation, and sometimes it became past all bearing. The man was an intermittent drunkard, and when he had the fit on him he was a perfect fiend. He has been known to drive his wife and daughter out of doors in the middle of the night and dog them through the park until the whole village outside the gates was aroused by their screams."

"(To be continued.)"

MINE EXPLOSION

Kills Two Men at Fairview Mines Near Golconda.

Golconda, Ill., July 21.—Two men lost their lives and a number of others had narrow escapes in an accident at the Fairview mine here. A premature explosion of dynamite caused the loss of life and a considerable damage to property.

"Good gracious, Holmes," I cried, "you don't mean to say that you have been walking about London with that thing?"

"I drove to the butcher's and back."

"The butcher's?"

"And I return with an excellent appetite. There can be no question, my dear Watson, of the value of exercise before breakfast. But I am prepared to bet that you will not guess the form that my exercise has taken."

"I will not attempt it."

He chuckled as he poured out the coffee.

"If you could have looked into Alford's back shop you would have seen a dead pig swinging from a hook in the ceiling and a gentleman in his shirt sleeves furiously stabbing at it with this weapon. I was that energetic person, and I have satisfied myself that by no exertion of my strength can I transfix the pig with a single blow. Perhaps you would care to try?"

"Not for worlds. But why were you doing this?"

"Because it seemed to me to have an indirect bearing upon the mystery of Woodman's Lee. Ah, Hopkins, I got your wire last night, and I have been expecting you. Come and join us."

Our visitor was an exceedingly alert man, thirty years of age, dressed in a quiet tweed suit, but retaining the erect bearing of one who was accustomed to official uniform. I recognized him at once as Stanley Hopkins, a young police inspector, for whose future Holmes had high hopes, while he in turn professed the admiration and respect of a pupil for the scientific methods of the famous amateur. Hopkins' brow was clouded, and he sat down with an air of deep dejection.

"No, thank you, sir, I breakfasted before I came round. I spent the night in town, for I came up yesterday to report."

"And what had you to report?"

"Failure, sir; absolute failure."

"You have made no progress?"

"None."

"Dear me! I must have a look at the matter."

BELLE WATSON TOLD OF INTENDED ESCAPE

Kept Prisoners From Again Breaking Jail at Smithland.

They Had Secured Two Picks and Were Ready to Leave—Girl Was Arrested Here Last Week.

SHE IS CHARGED WITH ARSON.

Since three murderers recently escaped from jail at Smithland, Ky., the prisoners have done little except try to get out.

Another attempt has just been frustrated by Belle Watson, the girl recently arrested in Paducah for grand larceny and carrying concealed weapons, and taken to Smithland last Saturday to be tried for arson.

Tuesday it was discovered that the jail birds had been at work for several days and were just ready to walk out, on the passing of the next twilight. They had two road picks in the jail, and work was done with glass upon the heads of the bolts which were used in repairing the first outbreak. The girl, Belle Watson, who was placed in a day or two before, gave the information which led to the discovery of the intended delivery. The jail will be searched every day from now till the September court meets and these prisoners have a trial.

The Watson girl so far has failed to give the bond required, and perhaps will have to lie in the jail to await her trial in the September court.

Until about three weeks ago the girl had not been heard from since attiring herself in men's clothes and leaving on board a train from Marion. She seems to be a pretty smooth girl, and has been in quite a number of scrapes. She is about nineteen years of age.

She was employed here at the Claude Russell dairy until recently, when she started to town with a pistol with the avowed intention of killing her sweetheart. Incidentally she is alleged to have taken money that belonged to Mr. Russell, and also to have stolen money from Mr. W. Y. Griffith's wagon as she passed it.

She was arrested and the pistol was found concealed on her, and she was held for carrying concealed weapons and grand larceny. When the Smithland officers found where she was and came for her, it was decided best to turn her over to them, as they had a better case against her, and she was taken there Saturday.

All the prisoners who have escaped from the Smithland jail have thus far been recaptured, but they seem to be as energetic as they are nifty in making their attempts in such quick succession.

GENERAL DULLNESS.

Little Doing Anywhere—No Police Court.

A general dullness prevails in Paducah, and there is scarcely anything doing.

This morning there was no police court, no arrests having been made since yesterday's court. There are several warrants out but they had not been executed and as a result Judge Sanders was idle this morning.

The merchants complain of little business and the hot weather which has kept people cooped up in the house, has played havoc, it seems, with everything.

Now that rain has come and cooler weather prevails it is believed that things will improve.

ST. JOHN BARBECUE.

Annual Outing This Year Will Take Place Next Week.

The annual barbecue at St. John's, this county, which has become popular throughout this section, will this year be held at St. John's next Wednesday, July 26. Prof. Deal's orchestra will furnish the music, and Paducah is expected to contribute her quota to the large crowd that is always on hand. The barbecues are always orderly and well conducted.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction."

Made a Quick Run.

Chief James Wood, of the fire department, last night about 8 o'clock turned in an alarm from box 55, in Mechanicsburg, near Jones' cold storage. The department at station No. 2 made the run of 12 blocks in three and one-quarter minutes, exceptionally fine work.

NO TOURNAMENT

WILL BE HELD BY GUN CLUB DURING ENCAMPMENT.

Would Conflict With Chattanooga's —Dr. Lang Wins the Club Medal.

The Gun club directors held a meeting yesterday afternoon preceding their regular shoot, and decided not to hold a tournament during the encampment. They a short time before set August 15-17 as the dates for the tournament, intending to invite members of the state militia in camp at that time, to participate.

It was learned, however, that the date would conflict with the tournament at Chattanooga, Tenn., so it was called off until sometime in September.

It was decided that on account of the location of the camp it will be necessary to move but one of the traps.

In the shoot for the club medal yesterday Dr. James Lang won by breaking 23 out of 25. Jas. Weille got 22, W. B. Kennedy 21, and A. Mercer 20.

Practice shoots will be held during the encampment and the militiamen invited to attend them.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27th, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c, \$1 bottle.

KATYDIDS

Have Begun Singing and Goosebone Prophet Says Frost is Due Within Six Weeks.

An old resident, who believes in the goosebone and other homely weather signs, informs The State Journal that the katydids began singing last night, which is a sure sign that frost will fall in six weeks. According to the weather prophet the katydids have never appeared before until sometime in August. If the remarks of sweltering citizens can be taken as an indication, it would have been well for the katydids to hurry up the time limit.—Frankfort State Journal.

Croup.

Is a violent inflammation of the mucous membrane of the wind pipe, which, sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Gives frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c 50c, \$1.

Paducah Girl's Narrow Escape.
Sunday night, Miss Ella Sanders with a few friends, were coming into town in her double seated carriage and when about half way through the Rogers lane, the king bolt broke and let the front wheels of the carriage loose from the rig. The horse became frightened and ran away, but on striking the big hill, he checked up and was overtaken by another rig which was coming on behind the unfortunate one. No harm was done to any of the party except to pitch those in the front seat out into the dust with their noses first to the ground. It was near the base ball ground and it might have been that they were practicing "roofing."

Paducah is Favored by Board of Control as Place for a Fine Methodist College

A final decision to use a portion of the income from the endowment fund bequeathed the board of education of the Methodist Episcopal church for the erection of a Methodist college in the western portion of the state has practically been made, and a meeting of the board, to be held in about six weeks or two months, will definitely decide the matter and select the site of the new college, says yesterday's Courier-Journal. So far Greenville, Central

City, Paducah, Henderson and Owensboro have been considered, but no decision has been made.

The income from Mrs. Fannie Speed's bequest is being used at present to assist in the support of the Union College in Barbourville and the education of pupils in the mountain schools. Enough of this remains, however, to be used in assisting to a great extent in the erection of the new college without disturbing the principal, and such action will be

decided upon by the board of education at its next meeting.

The new college will be constructed with a view of making it one of the most important educational institutions of Kentucky, and will be one of the first universities to be placed in the western portion of the state. Its location is now an open question with the board and before final decision is reached representatives from the different cities, which are interested in the location, will be heard.

At present Paducah is considered the strongest bidder, although Greenville and Central City have sent representatives to each member of the board with requests that they be heard. Owensboro and Henderson have asked for the college, but have not pushed their claims to any extent so far.
